1. [redacted] Comment. The 46th Gds Mech Regt and the 8th Gds Engr Bn of the 13th Mech Div are stationed at Klosterneuburg. The soldiers of the two units are quartered in the former Pionier Kaserne. The bulk of ordnance and motor transport equipment of the two units is stored in the former Pionierzeugamt. The 76-mm field guns observed at the former Pionierzeugamt belong to the artillery battalion of the 46th Gds Mech Regt. From the imprints of tracks observed at the installation it is again concluded that motor vehicles stored there apparently include the armored vehicles of the 128th Tank Bn, which belongs to the 46th Gds Mech Regt. It is believed that the pontoons observed in the former Pionierzeugamt belong to the 8th Gds Engr Bn. [redacted] 25X1

2. [redacted] Comment. The 44th Gds Mech Regt is quartered at the Trost Kaserne. The garages at the water tower on Windten Strasse, those on Pernertorfer Strasse, and presumably also the repair shop on Trost Strasse are used by this unit. [redacted] 25X1
